Minimizing flight delays

Around 66% of the delays can be attributed to 4 major factors:

1

Carrier Delay

10.93x

2

Late aircraft

10.47x

3

Security Check

4.5x

4

National Airspace
System (NAS).

1x

COMPARATIVE WEIGHTAGE

What it means: if NAS delays a flight by x minutes, Flights delayed due to security checks are likely to be delayed by 4.5x minutes
